TROUBLESHOOTING

FORGET ACCOUNT/PASSWORD

In case of forgetting your account or password, please send the S/N behind Capture Board and your purchase location or dealer to our Customer Service e-mail: Ajita@drboard.com.tw. We will help you getting back your account info.

OUT-DATED SOFTWARE

You can update the software by visiting our website www.drboard.com.tw and download the latest version

PCBA REPLACEMENT

To replace broken PCBA, open the hatch located at the rear side of the board. Please use appropriate tools to open hatch. Pull out broken PCBA and plug in new one. For new PCBA, contact your local agent or distributor

NEW PEN/ERASER

Once the ink inside the pen is used up, contact your local agent or distributor to purchase for replacement.

BOARD SURFACE MAINTENANCE

Used typical dry erase white board cleanser to wipe and clean surface. Avoid using other chemicals or sharp objects to clean surface.

INTERNET CONNECTION

Ensure a stable internet connection for Server and Client devices. Unstable connection might cause lagging or clients un-able to receive information transmitted from the board.
