Desktop & Peripherals Locking Kit 2.0

Part Number: K64424WW
UPC Code: 8589664424

Kensington, The Professionals' Choice™ for device security for nearly 25 years, has produced the latest standard in multiple-device security – the Desktop & Peripherals Kit 2.0. Engineered to be Kensington's strongest lock for desktop PCs and other devices, the locking kit represents the next generation of desktop device security so you can lock down a computer, up to three peripheral accessories and a wired keyboard and mouse.

FEATURES & BENEFITS

- **The strong lock head** is designed for desktop PCs and other devices
- **5 mm Keying System** featuring patented anti-pick Hidden Pin Technology is compatible with custom solutions across different styles of Kensington locks
- **2 adapters and cable trap** secure peripheral accessories
- **Anchor plate** allows devices without a Kensington Security Slot to be locked securely
- **8-foot carbon steel cable** is cut-resistant and anchors to desk, table or any fixed structure
- **Register & Retrieve**™ program allows you to order replacement keys
- **Master Access** allows both the user and administrators to unlock locks at any time
- **Single Keyed** allows lock access only to authorised administrators
